DURABLE DESIGN

ECLIPSE® SHUTTERS

Eclipse® Shutters is the leader in innovation. We manufacture elegant plantation shutters to the highest standards possible, with cutting-edge craftsmanship and unmatched durability. By installing Eclipse Shutters, you'll be adding a custom window treatment that adds a touch of class and instant value to your home.

All of our plantation shutters feature a permanent UltraSatin™ finish that achieves the look of painted wood, and will never have to be repainted or refinished.

Pearl • 3 1/2" Louver • Trim Frame • Divider Rail • Rear Tilt

INNOVATION + DESIGN

Three tilt options are available: Tilt Bar, Rear Tilt, or Gear System. Choose Tilt Bar for a traditional look. Rear Tilt and Gear have a contemporary look that offers clean lines. All options complement both traditional and modern interior decor.

Panel Lock System

Aluminum Reinforcement

Some of our most innovative features are hidden within our shutters. Panel Lock eliminates the use of magnets while offering ease of installation and a smooth closure. Aluminum reinforced louvers and stiles add superior strength and durability.
